

# VETERANS MEMORIAL OF GARLAND COUNTY

## *We need your help !*

*The Veterans Memorial Committee is working hard to raise funds to erect a memorial to all Garland County veterans, and veterans with home and family ties to Garland County. The Memorial which was originally planned to be built on Whittington Avenue , will now be built in the beautiful Hot Springs Greenway , close to the transportation plaza. This new location will make it a centerpiece icon for our community.*

*Donations are being raised through the offering of personally inscribed bricks , pavers and obelisks.*

*The cost to have a veterans name and service information on a brick is \$100.00 for an individual brick.*

*Larger donations will be recognized through larger paver style bricks and also obelisks of different sizes.*

*This is a chance for our community to reach out and proudly recognize its veterans from all branches of the military.*

*Your support is greatly appreciated!!*
