NOW, THEREFORE, BE IT ENACTED BY THE QUORUM COURT OF GARLAND COUNTY, ARKANSAS:

SECTION 1. The Garland County Judge, Treasurer and Comptroller will collectively select a company to obtain necessary credit cards and establish a line of credit with that financial services institution or company. Consideration will be given to the financial services institution or company who can meet the general purchasing needs of the various County offices and departments, as well as the billing and payment requirements of the County. Credit cards should be issued with the County logo, if available.

SECTION 2. Each Elected Official will determine how many cards are needed for their office, not to exceed (3), and which employees will be allowed to use them. All credit cards issued must be logged out and in when being actively used. The Elected Official or authorized department head will be responsible to secure cards not in active use and to maintain a log of active users, including date logged out, purpose, and date logged in. When cards are logged in, all receipts for charges should be turned in with the card to be processed by the Finance Department. When cards are not actively in use, the cards should be locked in a secure location by the Elected Official or department head. All employees issued a credit card must sign an acknowledgement form recognizing their responsibility to comply with the County’s policy regarding credit cards. An Elected Official, at any time and without notice to the employee, may cancel credit card use authorization for any of their employees.

SECTION 3. The use of credit cards is restricted for Garland County Government to acquire goods and services which are appropriate for the conduct of County business. No personal expenditures are allowed with the County credit cards. Any such purchase will be considered unauthorized and the employee will be subject to disciplinary action up to and including termination. The Elected Official or employee will be personally liable for their respective unauthorized charges.

No card assigned to one office

or department can be used to incur charges by another office or department except for Information Technology (IT), Maintenance Department, or Finance Department purchases made on behalf of another office or department. All credit card balances, shall be paid in full, within 30 days to avoid interest charges and late fees.

SECTION 5. Original itemized receipts for all credit card purchases are to be submitted to the Finance Department for processing, along with the entire credit card itemized statement. Itemized receipts should include 1) the date of purchase; 2) the name and address of the vendor from whom the purchase is made; 3) each specific item purchased; 4) the purchase order (P.O.) number authorizing the purchase, where applicable. Copies of receipts will not be accepted without an express written explanation by the Elected Official stating why the original receipt cannot be produced. The Finance Department shall not be responsible for obtaining receipts. Receipts must have itemized detail of the purchase as required in this Article. Receipts with the total purchase amount but without detailed explanation are not allowed. Purchases for which receipts cannot be produced or that are not itemized will be considered unauthorized purchases and may constitute grounds for disciplinary action up to and including termination. The person that authorized the charge, whether an Elected Official or employee, may be personally liable for their respective charges, if the appropriate documentation is not submitted. Any late fees incurred as a result of insufficient or untimely submitted documentation shall be paid out of the responsible Office's budget.

SECTION 6. The Finance Department will submit a monthly report to all Elected Officials if their office has made credit card purchases for that month.
